Rewards page :

I have shared the details of how the Rewards and Store pages should look, along with examples for reference. Please design them in a way that best suits our app's theme and ensures an attractive, user-friendly experience.

Rewards Page (User Side) — Features

1. Header Section

- **Current Coin Balance** (e.g., "You have 235 coins")

- **₹ Worth Display** (e.g., "Worth ₹47.00") — calculated from conversion rate

- **Coin-to-₹ Conversion Rate** (e.g., "1 coin = ₹0.20")

- **Go to Store Button** — prominent button linking directly to the Store page so users can redeem their coins.

2. Task Tabs

- **Daily Tasks Tab** — Shows list of daily earnable tasks with current completion status(progress bars) (e.g., "3/5 bookings posted").

- **Weekly Tasks Tab** — Shows weekly challenges and progress bars.

- **Extra Tasks Tab** — One-time or monthly tasks with status (Completed / Not Started).

3. Task Cards
Each task card shows:

- Task name (e.g., "Post 5 bookings")

- Reward coins (e.g., "+25 coins")

- Progress tracker (e.g., "4/5")

- Status badge ("In Progress" / "Completed")

4. Completion Popup (Auto Trigger)

- Appears immediately after completing a task.

- Message: " 🎉 You earned 25 coins. Added to your wallet."

- "View Rewards History" button.

5. Rewards History Section
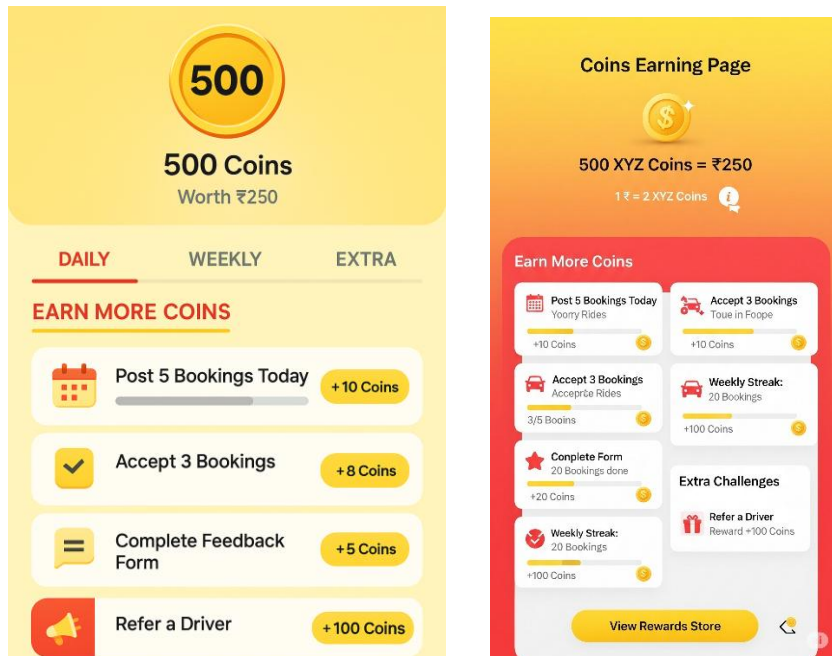

- List of completed tasks with:

- o Task name

- o Date & time

- o Coins earned

- Filter by Daily / Weekly / Extra.

6. Auto-Redeem Function

- No manual claim required — coins are added to coins wallet instantly.

The provided images are for **reference** purposes only. Design them in a way that best suits our app's style.
This is only **an idea** — you can use your **creativity** to make it more attractive, while following the **instructions** given above.

Admin Panel — Features

1. Rewards Management

- Add / Edit / Delete tasks (Daily, Weekly, Extra)

- Set coin rewards for each task

- Set task frequency (daily, weekly, monthly, one-time)

- Enable / Disable specific tasks without deleting

- View task completion logs (filter by user, date, task type)

2. Store Management

- Add / Edit / Delete products

- Set product price in coins (and optional ₹)

- Upload product images and descriptions

- Set product categories

- Enable / Disable products

- Manage stock availability

3. Reports & Logs

- Rewards report:

  - Coins earned per user

  - Total coins issued

- Store purchase history:

  - Items bought

  - User details

  - Date/time

- Coin → ₹ conversion logs

4. System Settings

- Set coin-to-₹ conversion rate

- Configure popup messages and reward notifications

Store Page Details

1. Header Section

- **Title:** XYZ Coins Store

- **Coins Display:** Large coin icon + "You have 250 Coins (Worth ₹125)"

- **Wallet Balance Display:** Small wallet icon + "Wallet: ₹300"

- Sticky at the top for quick reference.

---

2. Categories Tabs

- **Tabs:** All | Gift Cards | Accessories | Insurance

- On tap, only items from that category are shown.

- Active tab highlighted in **red**, inactive tabs in **grey**.

---

3. Item Cards

Each card shows:

- **Image of Item** (high quality, matching category)

- **Name:** Short title (e.g., "₹100 Amazon Gift Card")

- **Price:**

    o If coin only: "200 Coins"

    o If both coin & wallet: "200 Coins / ₹100"

- **Reedem Icon** → opens product details page.

---

4. Product Details Page

When user clicks an item:

- **Large Image** of item

- **Title** + **Detailed Description**

- **Price options** (Coins / Wallet) – show both if admin enabled both for that product

- **Terms & Conditions** (e.g., delivery time, usage rules)

- **Redeem Button** → on click:

    o If coins: Deduct coins, show popup –
    "Your reward will be processed and delivered within a few hours. You will be notified once it's ready."

    o If wallet: Deduct money from wallet instantly.

---

5. Admin Panel Features

- **Add/Edit/Delete Items**

- **Set Price in Coins**

- **Enable/Disable Wallet Purchase Option**

- **Set Stock Availability**

- **View Redemption Requests**

- **Mark Reward as Delivered**

- **Export Reports** of purchases (date, user, item, method)

---

6. Example Items

Gift Cards

- Amazon ₹100 – 200 Coins / ₹100

- Flipkart ₹200 – 400 Coins / ₹200

- Paytm Cash ₹50 – 100 Coins / ₹50

Accessories

- Car Perfume – 150 Coins

- Mobile Holder – 200 Coins / ₹100

Insurance

- 1 Month Accident Cover – 500 Coins

- Tyre Damage Cover – 350 Coins / ₹175
