

Testing pointers 08-09-2025

-- Currently, once an invoice is generated and sent from the ERP portal, there is no provision to view or access it before the payment is completed. We need to implement a feature that allows users to view the invoice history prior to payment. This will also enable us to manually resend invoices in case the client does not receive the original email.

--Remove “**valid until**” section from here.

--On the current page, the “Sent” tag is displayed by default, which makes it misleading. This tag should only be shown if the Quotation email has actually been sent.

| Sr. no. | Campaign | Location | HSN/SAC | Total Slot | Screen Count | Unit Cost | Line Total |
|---------|----------|----------|---------|------------|--------------|-----------|------------|
| 1 | One Week | SWARGATE | 998365 | 5250 | 7 | 16.95 | 88983.0375 |

-- When updating the number of screens for a location (e.g., Swargate), if 5 screens are selected, the system is displaying 7 screens instead. However, all other calculations are being correctly processed for 5 screens. This creates inconsistency between the displayed number of screens and the calculation logic.
